BATHROOMS FOR LIVING

SAUDI CERAMICS

*“A brand with
experience”*

Saudi Ceramic Company, founded in 1977, has emerged as one of the leading ceramics companies in the Middle East and is on its way to becoming one of the top ten producers of tiles in the world. Through constant innovation, quality control, and keeping pace with the newest technology, SCC manufactures products to the highest international standards. The ISO 9001 certificate has been granted to SCC repeatedly since 1996.

الزف السعودي

الخزف السعودي
Saudi Ceramics

*Current
annual output
of SCC is as
follows:*

Through aggressive marketing combined with a high quality product at competitive prices, SCC now has sales in more than 50 countries. Customer care is another important pillar in dynamic, innovative, and competitive company.

64m

64 MILLION SQUARE METERS OF CERAMIC AND PORCELAIN TILES.

6m

6 MILLION PIECES OF DECORATIVE TILES.

5m

5 MILLION PIECES OF TILE ACCESSORIES.

3.2m

3.2 MILLION PIECES OF SANITARY WARE.

10m

10 MILLION PIECES OF ROAD MARKERS.

2m

2 MILLION PIECES OF ELECTRIC WATER HEATERS.

OUR SANITARY WARE

A WORLD OF SENSATIONS

Today's bathroom is often acknowledged as an important aspect of the living space. A carefully designed space to feel, create sensations and let your imagination run wild. Relaxation, comfort, & aesthetic pleasure... Saudi Ceramics considers the bathroom a complete space in which design and wellness melt into one. A personalized space that meets all the needs and wishes of every client.

That is why for Saudi Ceramics, every project is unique. The most advanced technology and new aesthetic trends are being used to develop high quality, modern products. Exceptional products pass the most demanding quality controls on the market and make this company an international reference.

New trends will continue to be decisive for Saudi Ceramics. New ideas, new designs and new formats create a new concept of the bathroom - a space in continual transformation for tomorrow's society.

INNOVATION

OUR MAIN GOAL.

The company has its own R&D department, that works in order to detect the future needs and to create new processes and products. The implementation of new raw materials; new colors, textures and finishes; technologies that reduce the production costs of the new ink jet systems are part of the tasks performed by our Innovation team.

This policy of innovation is reflected in our catalog of products: more colors, formats, and textures. More decorative tiles and accessories and the latest trends join our catalog to extend our wide range of products.

Our intensive policy of Research and Development has helped us to achieve a notable volume of production that matches the local and international standards of quality. We produce 64 million square meters of ceramic and porcelain tiles per year and over 6 million pieces of decorative tiles. More than 5 million of tile accessory pieces are also produced in our factories annually.
